

### Drive Solutions

Corr24 offers a variety of motor and drive solutions.

Mainly we do upgrade with AC technology but if wanted we can also use DC components.

For this european supplieres are used (e.g. Siemens, ABB, Lenze).

However we can also offer other brands through our US subsidiary BHS Robotics / Chicago Electric.

---

### Benefits

- Replacement of obsolete components
- Avoiding downtime
- Higher speeds
- Availability of spare parts
- Modern technology
- Improved service
